The Board of Directors of MCB-Arif Habib Savings and Investments Limited (MCBAH) is pleased to present the Half Yearly Report on the affairs of MCBAH for the period ended December 31, 2016.

Company's Performance Review

The Company recorded a gross income of Rs. 368.47 million, which includes management/investment advisory fee and other operating income. After accounting for administrative, operating & financial expenses and income sharing of Rs. 246.88 million, the company earned a profit before tax of Rs. 121.58 million. The net profit after tax for the period amounts to Rs. 86.60 million, as compared to net profit of Rs. 113.74 million for the corresponding period ended December 31, 2015. With the increasing trend of funds under management and higher returns, the company is expected to deliver better results going forward.

MARKET & ECONOMIC REVIEW

Economy & Money Market Review

Weakness in external account raised concerns in otherwise progressive improvement in headline economic indicators continuing for the last 2 years. Weak trade balance, primarily due to subdued trend in exports and higher imports alongwith weak contribution from services and remittances kept the pressure on overall Current Account balance which widened 92% in IHFY17 to USD 3.6 billion. It is pertinent to note that partial increase in imports is triggered by machinery imports which have increased by 8.3% alongwith increase in oil import bill which is expected to widen further given recent arrangements from OPEC to support Int'l Crude Oil prices. The cushion to Balance of Payments was bolstered by financial account of USD 3.7 bn where major respite came from the net borrowing of USD 740 million alongwith the inflow materialized in FDI on completion of acquisition of stake in Engro Foods by Freisland Campina. Overall balance of the Balance of Payments stood at USD 225 mn compared to USD 1.5 bn during same period of last year.

Foreign exchange reserves stood at USD 23.2 bn (06th Jan 2017). It is pertinent to note that SBP reserves explain most of the volatility in Forex reserves where government borrowing and retirement of loans has net negative balance in 1HFY17 while closing approx USD 1bn lower from peak seen in Oct 16.

Undergoing appreciation of about 0.4% in 1HFY17, PKR continues to remain resilient against USD which also raises concerns given the relative weakness in other developing economies and also reflected from REER as measured by SBP reaching to a high of 126 depicting significant overvaluation.

Fiscal deficit increased to 1.3 %(1QFY17) of GDP as against 1.1% in SPLY due to sharp decline in non-tax revenue. On provisional basis, tax authority has managed to collect PKR 1,460 billion during 1HFY17, recording a shortfall of PKR ~127 billion from the desired target. With annual tax collection target of PKR 3.6 trillion; demanding a growth rate of 17% YoY, and higher development spending, fiscal deficit is likely to exceed 4.5% against budgetary target of 3.8%. Focus of government on development spending is however positive for the overall long term direction and thus slippage on this front is not a major concern.

LSM grew by 3.24%YoY in 5MFY17. The growth is driven through consumer, electrical, automobiles and cement manufacturing.

Inflation continued its upward trajectory with first half averaging 3.88% compared to 2.08% for 1HFY16. The withering of low base effect along with inherent increases in food and housing pricing triggered inflationary pressures. The government kept on absorbing the incremental petrol prices which kept the inflation subdued.

M2 growth posted year to date growth of 5.45% by the end of the year. The deposits grew seasonally by PKR 420 bn in a week supported by year end efforts of banks to expand balance sheet size. Thereafter, the M2 growth has normalized to 3.68%. Moreover, the abnormal accumulation in currency in circulation (CIC) last year triggered after imposition of withholding tax on cash withdrawals has normalized though CIC to M2 ratio is still high at 26% against previous average of 22%. The Net Domestic Assets increased by PKR 518 bn supported by net government sector borrowings of PKR 390 bn.

Equities Market Review

Pakistan Stock Exchange (PSX) continued its positive momentum of 1QFY17 by posting another 16.64% return in 2QFY16 to conclude the period 26.53% higher (47,807 points). In calendar year 2016, the local bourse remained the best performing market in the region and stood 5th in global ranking with a USD based return of 45%. This was despite an aggressive selling from the foreign investors, who remained net sellers of USD 298mn in 1HFY16, compared to USD 240 mn in the corresponding period last year. This heavy selling was absorbed mostly by Mutual Funds and NBFCs with net buying of USD 307mn and USD 102mn, respectively.

Auto Parts Manufacturers and Auto Assemblers remained the best performing sectors during 1HFY17 with returns of 83% and 77%, respectively. Among the mainstream sectors, Banks outperformed the rest with a 33% return during the period under review, mainly on account of improving advances, rising deposits and bottomed out interest rate outlook. Cements also posted a 30% return during the period under review as strong demand coupled with healthy margins kept the investors' interest alive in the sector. Improving crude oil prices also made a mark on the E&Ps, which posted a healthy 27% return during 1HFY17. Fertilizers on the other hand, underperformed the index by posting a modest 2% return, as rising inventories coupled with discounts on urea prices took their toll on the sector.

We expect the positive momentum to continue going ahead as market draws close to its graduation to MSCI EM Index. In addition, low interest rates scenario is also keeping fixed income returns subdued, which is further attracting the liquidity in the equity market. PSX is currently trading at a forward multiple of 11.99x, still trading at a 10.5% discount to the MSCI EM, reflecting further room for re-rating from here.

MARKET & ECONOMY - FUTURE OUTLOOK

The reversal in crude oil prices is expected to wither of the fiscal space previously available amid growing import bill. The recent decision by government to revise up petroleum prices in its latest fortnightly decision points towards constricting fiscal liberty.

The recently announced textile package is expected to provide support to the export sector. However, the overvalued currency as depicted from REER still remains a blockade for export competitiveness of the country however the same may remain deferred till the government continues to fund the gap through borrowing.

The inflationary pressures are also expected to succumb to expected increments in petroleum prices along with its trickle down impact on food inflation. We expect inflation for the year to average ~4.3%. It is pertinent to note inflation for next half of the year is expected to average around 4.8% with inflation for closing months of the year to exceed 5%.

While, we expect interest rates to remain stable in the short term given the stable inflationary trends, exchange rate overvaluation alongwith weak external account suggest a close review of emerging trends with potential for inflection on either side though biased in favor of monetary tightening.

The China Pakistan Economic Corridor is expected to provide much needed impetus to growth with above \$50 billion program expected to spur activity in the construction and power space which would have its trickle down affects. However, the current account is expected to worsen with import bill increasing in the short term along with the Foreign Direct Investment inflows. Profit repatriation in the long term would also be a concern for the balance of payments position.

Pakistan being in an economic expansionary cycle amid better positioning due to lower/stable interest rate environment along with growth trigger in the form China Pakistan Economic Corridor would fare better compared to other Emerging Market economies. The program is expected to favour the construction and allied industrial sectors. Banking sector is also expected to be beneficiary of strong advances growth in a stable interest rate environment. The MSCI specific companies are expected to gain limelight as formal inclusion nears. However, the volatility in global markets lead by uncertainty in global economies after Trump's induction as US President and redemption pressures on emerging market funds would keep the short term market performance in check. But we reiterate our positive stance on the market.

MUTUAL FUND INDUSTRY REVIEW

The Net Assets of the open end mutual fund industry stood at ~PKR 587 billion at the end of the 2QFY16. Size of Equity, Balanced, Asset Allocation, Fund of Funds (Islamic/Conventional), Fixed Income and money market funds increased during 1HFY16.

In terms of the segment share, Equity and Equity related funds continued to be the leader with a share of ~59%, followed by Income funds and Money Market funds having shares of 28% and 13% respectively.

MUTUAL FUND INDUSTRY OUTLOOK

Increasing liquidity continues to channel towards equities given the overall subdued environment for competing assets including real estate atleast in the medium term. Aggressive Asset Allocation Funds have been able to garner strong market interest and appear to remain attractive for investors looking for higher risk adjusted returns.

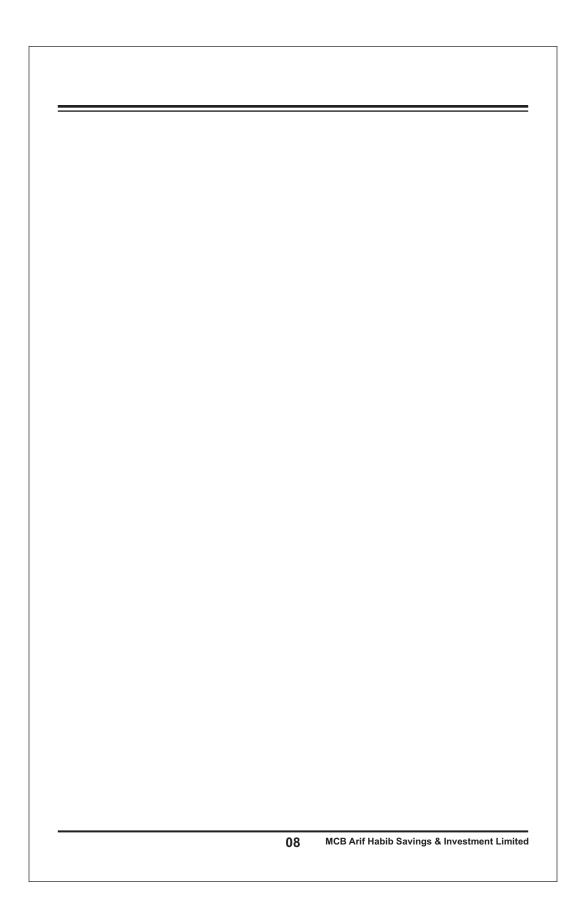

On the fixed income side, money market funds are expected to remain stable because of lower absolute returns. With only a little room for a sustainable cut in interest rates, opportunities for capital gain in fixed income securities would remain muted while more focus shall remain on yield differential pickup across the yield curve.

With lower interest rates, investors are keen to explore avenues to enhance returns and are increasing becoming open to professional investment advisory services which though extremely competitive yet offers potential to support bottom line growth.

1 STATUS AND NATURE OF BUSINESS

- MCB-Arif Habib Savings and Investments Limited ("the Company") was incorporated in the name of Arif Habib Investment Management Limited (AHIML) on August 30, 2000 as an unquoted public limited company under the requirements of the Companies Ordinance, 1984. During 2008, AHIML was listed on the Karachi Stock Exchange Ltd. (now integrated into the Pakistan Stock Exchange Limited) by way of offer for sale of shares by a few of its existing shareholders to the general public. In the same financial year, the name of AHIML was changed from "Arif Habib Investment Management Limited" to "Arif Habib Investments Limited" (AHIL). On January 19, 2011, a transfer agreement was signed between Arif Habib Corporation Limited (AHCL) [the then parent of AHIL] and MCB Bank Limited (MCB Bank) [the then parent of MCB Asset Management Company Limited (MCB AMC)] for transfer of the entire business of MCB AMC to AHIL to achieve synergies in business and to access a wider distribution network. The scheme of amalgamation ("the Scheme") was approved by the shareholders of AHIL and MCB AMC in their respective extraordinary general meetings held on May 21, 2011. The Scheme was also approved by the Securities and Exchange Commission of Pakistan (SECP) with the effective date of amalgamation being June 27, 2011 (the effective date). In accordance with the terms contained in the Scheme, the Company became a subsidiary of MCB Bank Limited from the end of the year ended June 30, 2011 which owns 51.33% ordinary shares in the Company till date. Pursuant to the merger of MCB AMC with and into AHIL, the name of AHIL has been changed to MCB-Arif Habib Savings and Investments Limited effective from May 23, 2013.
- 1.2 The Company is registered as a Pension Fund Manager under the Voluntary Pension System Rules, 2005, as an Asset Management Company and an Investment Advisor under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003.
- 1.3 The registered office of the Company is situated at 24th Floor, Centrepoint, Off Shaheed-e- Millat Expressway, near K.P.T. Interchange, Karachi, Pakistan. Previously, the registered office of the Company was situated at 8th Floor, Techno City, Corporate Tower, Molana Hasrat Mohani Road, Karachi, Pakistan.
- 1.4 The Company has been assigned an Asset Manager rating of AM2++ by the Pakistan Credit Rating Agency Limited (PACRA). The rating was determined by PACRA on June 08, 2016. Currently, the Company is managing the following funds under management:

- 1.5 The Alhamra Islamic Active Allocation Plan-I is a Shari'ah Compliant Islamic Asset Allocation Plan with an objective to earn a potentially high return through active asset allocation among Shari'ah Compliant Islamic Schemes based on the Fund Manager's outlook of the asset classes.
- 1.6 During the current period, the "Pakistan Sarmaya Mehfooz Fund" has completed its tenure on 19 December 2016.
- 1.7 In accordance with the requirements of Rule 9, of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003, the Company has obtained sufficient insurance coverage from Jubilee General Insurance Company Limited against any loss that may be incurred as a result of employees' fraud or gross negligence. The insurance Company has been assigned a credit rating of AA++ by the Pakistan Credit Rating Agency Limited (PACRA).

2 BASIS OF PRESENTATION

2.1 Statement of compliance

- a) This condensed interim financial information has been prepared in accordance with the approved accounting standards as applicable in Pakistan. The approved accounting standards comprise of such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, the requirements of the Companies Ordinance, 1984, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules), the Non-Banking Finance Companies And Notified Entities Regulations, 2008 (the NBFC Regulations) and the directives issued by the Securities and Exchange Commission of Pakistan (SECP). Wherever the requirements of the Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP differ with the requirements of IFRSs, the requirements of the Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP prevail.
- b) The disclosures made in this condensed interim financial information have, however, been limited based on the requirements of the International Accounting Standard 34: 'Interim Financial Reporting'. This condensed interim financial information does not include all the information and disclosures required in a full set of financial statements and should be read in conjunction with the annual published audited financial statements of the Company for the year ended June 30, 2016.
- c) This condensed interim financial information is unaudited. However, a review has been performed by the statutory auditors in accordance with the requirements of the Code of Corporate Governance.

d) IFRS 10, 'Consolidated Financial Statements' became effective for annual periods beginning on or after 1 January 2015. The standard requires an asset manager to assess whether there is a need to consolidate the funds under its management in its consolidated financial statements. The Standard builds on existing principles by identifying the concept of control as the determining factor for consolidation of funds in the financial statements and provides additional guidance to assist in the determination of control where this is difficult to assess. However, the SECP vide SRO 56 (I) / 2016 dated January 28, 2016 has directed that the requirements of consolidation under section 237 of the Companies Ordinance, 1984 and IFRS 10 are not applicable in case of investments made by companies in mutual funds established under trust schemes. Accordingly, the Company has not prepared consolidated financial statements in respect of mutual funds managed by it.

2.2 Accounting convention

This condensed interim financial information has been prepared under the historical cost convention except that investments have been marked to market and are carried at their respective fair values.

2.3 Functional and presentation currency

This condensed interim financial information is presented in Pakistani Rupee which is the Company's functional and presentation currency.

SIGNIFICANT ACCOUNTING AND RISK MANAGEMENT POLICIES, ESTIMATES, ASSUMPTIONS AND CHANGES THEREIN

- 3.1 The accounting policies applied for the preparation of this condensed interim financial information are the same as those applied in the preparation of the annual published audited financial statements of the Company for the year ended June 30, 2016.
- 3.2 The preparation of this condensed interim financial information in conformity with the approved accounting standards requires management to make estimates, assumptions and use judgments that affect the application of policies and reported amounts of assets and liabilities and income and expenses. Estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events. Revisions to accounting estimates are recognised prospectively commencing from the period of revision.

The significant estimates, judgments and assumptions made by the management in applying the accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual financial statements as at and for the year ended June 30, 2016.

- 3.3 The financial risk management objectives and policies are consistent with those disclosed in the annual published audited financial statements of the Company for the year ended June 30, 2016.
- 3.4 Standards, interpretations and amendments to published approved accounting standards that are effective in the current period
- 3.4.1 There were certain amendments to approved accounting standards that have been published and are mandatory for the Company's accounting period beginning on or after July 1, 2016. None of those amendments have a significant effect on this condensed interim financial information.

10.1 Worker's welfare fund

Through Finance Act 2008, the Federal Government introduced amendments to the Workers' Welfare Fund (WWF) Ordinance, 1971 whereby the definition of industrial establishment was extended. The amendments were challenged at various levels and conflicting judgments were rendered by the Lahore High Court, Sindh High Court and Peshawar High Court. Appeals against these orders were filed in the Supreme Court.

During the current period, the Supreme Court of Pakistan vide its order dated 10 November 2016 has held that the amendments made in the law introduced by the Federal Government for the levy of Workers Welfare Fund were not lawful as this is not in the nature of tax and therefore could not have been introduced through the money bill. The Federal Board of Revenue has filed review petitions against the above judgment which are currently pending with the Supreme Court of Pakistan.

In light of the judgment passed by the Supreme Court, the Management believes that the Company is not liable to pay any amounts under the Workers Welfare Fund Ordinance, 1971, accordingly an amount of Rs. 14.442 million has been reversed during the period. Further, as a consequence of passage of 18th Amendment to the Constitution, levy for Workers Welfare was also introduced by the Government of Sindh (SWWF) which was effective from 01 July 2014. The Company believes that contribution to Workers Welfare Fund under the Sindh Workers' Welfare Act, 2014 is not applicable on the Company as it is not a Financial Institution as required under SWWF Act, 2014.

However, out of abundant caution, the management has decided to provide for SWWF amounting to Rs. 17.921 million with effect from July 01, 2014. Moreover, the management has decided not to reverse WWF amounting to Rs. 5.10 million which have been already paid to Tax Authority until the said amount is refunded

10.2 Federal excise duty payable on remuneration of the management company

As per the requirements of the Finance Act, 2013, Federal Excise Duty (FED) at the rate of 16% on the remuneration of the Management Company has been applied effective 13 June 2013. The Management Company is of the view that since the remuneration is already subject to the provincial sales tax, further levy of FED may result in double taxation, which does not appear to be the spirit of law.

The matter has been collectively taken up by the Management Company jointly with other Asset Management Companies together with their respective Collective Investment Schemes through their trustees, through a Constitutional Petition filed in the Honorable Sindh High Court (SHC) on 4 September 2013 challenging the levy of FED. The Sindh High Court in its decision dated 16 July 2016 maintained the previous order passed against other constitutional petition whereby levy of FED has been declared to be 'Ultra Vires' the Constitution. The Deputy Commissioner Inland Revenue has filed an appeal against the said SHC order in the Honorable Supreme Court of Pakistan and thus previous balance of FED amounting to Rs. 399.62 million has not been reversed.

- 11.1 Management fee from open-end Collective Investment Schemes is calculated by charging the specified rates to the net asset value / income of such schemes as at the close of business of each calendar day. In accordance with Regulation 61 of the NBFC Regulations, 2008, the fee so charged does not exceed 2% of the average annual net assets in case of Equity, Balanced, Asset Allocation Schemes and Capital Protected (dynamic asset allocation-direct exposure), 1.5% of average annual net assets in case of Income, Aggregate income, Index, Fund of Funds and Commodity Schemes (cash settled) and 1% of average annual net assets in case of Money Market, Commodity Schemes (deliverables) and Capital protected schemes, that has been verified by the trustee. In accordance with Rule 11 of the Voluntary Pension System Rules, 2005 the management fee from the pension funds is charged at the rate of 1.5% of the average of values of the net assets of the pension fund calculated during the period for determining the prices of the units of the sub-funds.
- 11.2 The Company is managing investments under discretionary portfolio management agreement. Investment advisory fee from the discretionary portfolios is calculated on a daily / monthly basis by charging specified rates to the net asset value of the portfolios as stated in the respective agreements with the clients. The details of this portfolio are given in note 1.4 of these condensed interim financial information.

- 12.1 The SECP vide S.R.O No. 1160 (1) / 2015 dated November 25, 2015 introduced amendments in the NBFC Regulations. As a result of these amendments, the management company may charge fees and expenses pertaining to registrar services, accounting, operations and valuation services, related to Collective Investment Schemes (CISs) upto a maximum of 0.1% of average annual net assets of the scheme. Accordingly, expenses amounting to Rs 18,811,948 have been charged by the Company to the respective CISs under its management.
- 13 This includes an amount of Rs. 19.8 million in respect of refund of front end load charged to the investors
- 4 This includes Rs. 14.442 million which represents reversal of WWF as more fully explained in note 10.1.

16 CONTINGENCIES AND COMMITMENTS

16.1 Contingencies

16.1.1 On 20 June 2014, the Punjab Revenue Authority issued a show cause notice to the Company to pay Sales Tax on management fee earned in Punjab under the Punjab Sales Tax on Services Act, 2012 with effect from 22 May 2013.

The Management Company jointly with other Asset Management Companies through the trustees of their Collective Investment Schemes challenged the above notice vide a petition filed on 8 July 2014 in the Sindh High Court (SHC). The SHC has ordered suspension of the show cause notice in its order dated 10 July 2014 till the date of the next hearing of appeals. The management is expecting no outflow of economic resources in this respect as the payments relating to sales tax have already been made to the Sindh Revenue Board and in case decision is made against the Company, the same is required to be settled between the two authorities.

- 16.1.2 The Additional Commissioner Inland Revenue (ACIR) issued a notice to the Company under section 122(5A) of the Income Tax Ordinance, 2001 vide letter No.Addl.CIR/AR-A/Z-III/LTU/2014-15 dated 14 November 2014 relating to Tax year 2013. The ACIR was of the view that the deemed assessment order for the tax year 2013 was erroneous and was prejudicial to the interest of revenue necessitating amendment of assessment. The ACIR passed an order under section 122(5A) of the Income Tax Ordinance, 2001 dated 28 August 2015 after making certain additions/disallowances in the profit and loss account and created a demand of Rs.39.38 million. These additions/disallowances mainly pertained to apportionment of expenses, management fee/processing fee and related income sharing, workers welfare fund, etc. The Company filed an appeal before the Commissioner Inland Revenue (Appeals) against the above order and has also filed a constitution petition for a stay of demand. An amount of Rs.13.50 million has been paid under the protest to the taxation authorities. However, no provision has been made in these financial statements against the above order as the management and the tax advisor of the Company are confident that good grounds exist to contest the additions/disallowances made by ACIR at the appellate forums and these additions are not maintainable. The potential tax liability in this respect amounts to Rs 39.38 million.
- 16.1.3 On 29 February 2016, the Deputy Commissioner Inland Revenue (DCIR) passed an order under section 122(1) of the Income Tax Ordinance, 2001 relating to the tax year 2010 of MCB AMC making certain additions / disallowances in the return filed by the Company. The assessing officer adjusted the impact of disallowances and reduced the amount refundable in respect of that tax year to Rs. 1.947 million. The Company filed an appeal before the Commissioner Inland Revenue (Appeals) [CIR(A)] against the said order. Subsequently, the Company again received a notice of demand amounting to Rs 0.980 million on 4 May 2016 from the Additional Commissioner Inland Revenue (ACIR) against which it filed an appeal before the CIR(A) which is pending adjudication. As at 31 December 2016, no provision has been made in these financial statements in respect of these orders as the management is confident that the Company has good grounds to contest the amendments made by the tax authorities.
- 16.1.4 The Commissioner Specialised Companies Division of the SECP passed an order dated 5 May 2016 against the Company pursuant to a show cause notice dated 24 March 2016 on a complaint filed by an investor. The investor alleged that the front end load was wrongly charged to him amounting to Rs. 297,540.

The Company submitted detailed response to the show cause notice and after proceedings held on the case, the SECP imposed an aggregate fine of Rs. 500,000 and instructed the Company to refund the amount of front end load charged to the investor. The Company has filled an appeal with the SECP which has been admitted for hearing. The Company has not recorded any provision in the financial statements based on the opinion of legal counsel that the matter will be settled in favor of the Company.

17 RUNNING FINANCE

During the previous year, the Company obtained a short-term finance facility under mark-up arrangement with MCB Bank Limited (a related party) amounting to Rs 500 million (2016: Rs 500 million). The facility carried mark-up at one month KIBOR+0.5% (2016: KIBOR+0.5%) per annum. The facility was secured against pledge of government securities and will expire on May 31, 2017.

18 TRANSACTIONS WITH RELATED PARTIES

MCB Bank Limited (MCB) holds 51.33% ordinary shares of the Company as at the period end. Therefore, all subsidiaries and associated undertakings of MCB are related parties of the Company. Other related parties comprise of Arif Habib Corporation Limited with a holding percentage of 30%, companies having common directorship, collective investment schemes and voluntary pension schemes managed by the Company, directors, key management personnel and their close family members and retirement benefit plan. 19 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the amount for which an asset could be exchanged, or liability settled, between knowledgeable willing parties in an arm's length transaction. Consequently, differences can arise between carrying values and fair value estimates.

Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Fair value of investments is determined as follows:

- The fair value of investments in units of open-end collective investment schemes and pension funds are based on the net assets value quoted by the Company and Mutual Funds Association of Pakistan at each reporting date.
- Investments in government securities are valued on the basis of average rates of brokers as announced by the Financial Markets Association of Pakistan.

The estimated fair value of all other financial assets and liabilities other than asset classified as 'held for sale' is considered not to be significantly different from carrying values as the items are either short-term in nature or are periodically repriced.

19.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Fair value measurements using quoted price (unadjusted) in an active market for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurement using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Following are the details of the financial instruments measured at fair value:

| | As at December 31, 2016 | | | | |
|--|-------------------------|-------------|---------|---------------|--|
| | Level 1 | Level 2 | Level 3 | Total | |
| | (Rupees) | | | | |
